Dues are calculated by multiplying the number of head marketed per year times \$0.05, with a minimum of \$35. The producer rate was formulated using a farrow-to-finish unit as the model. If your operation does not fit this model (weaning pigs, finish only or seedstock), please use what you believe is a fair conversion to calculate your number marketed per year.

The leadership of your KPA understands that producers have different needs from their organization at different times, so please use your conscience in deciding how much to send in dues while keeping in mind there is a \$35 minimum.

Please make all checks payable to: Kansas Pork Association 2601 Farm Bureau Road, Manhattan, KS 66502

_____ If you are no longer involved in the pork industry, please check and return the form in the envelope. Your name will be removed from our list. Thank you for saving producer funds.
